UNIT 11 QUIZ B AUDIO SCRIPT

Listening 1 Exercise A

Lucy Wow, Kevin. What are all these bags? Have you been shopping again?

Kevin Oh, just a few things, Lucy. I couldn't resist it. There's this new store that just opened in the mall, and their stuff is so cheap. Even the designer clothes! You should go there.

Lucy Do you mean the new clothing store next to the drugstore?

Kevin Yes, that one.

Lucy Oh … I really wouldn't shop there again if I were you.

Kevin Why not? It's really cheap.

Lucy Yes, that's true… I saw their prices. But their quality is another story … Did you pay attention to the fabrics they use, for example? They are very poor quality – second-rate material, really.

Kevin Hmm … They don't seem so bad.

Lucy They are, Kevin, believe me. Look at this one. This can't be a genuine Nike T-shirt. Look how imperfect the sleeves are. They are even different lengths!

Kevin Hmm … Yeah … it does look a little … fake.

Lucy It is fake. I'm sure. Also, for the price they are selling it for, this T-shirt was probably made under terrible conditions.

Kevin What do you mean?

Lucy I mean that it was probably made in a horrible factory where people worked very long hours and were paid very little money.

Kevin Hmm … I hadn't really thought about any of that … But, yeah … you're probably right, and I guess I shouldn't go back there. It's a shame, though, because they had some very cool stuff I was planning to buy for the summer.
